

2022 RED HILLS LAKE COUNTY CABERNET SAUVIGNON

The J. Linder Wineries 2022 Red Hills Cabernet Sauvignon from Lake County offers a tantalizing glimpse into the terroir of this renowned wine region. Situated in the heart of California's Red Hills AVA, known for its high elevation and volcanic soil, this wine showcases the unique characteristics of the area.

In the glass, this Cabernet Sauvignon presents a deep, ruby hue, hinting at its bold and expressive nature. On the nose, aromas of ripe blackberries, dark cherries, and hints of cedar intermingle, creating an enticing bouquet that promises a complex palate experience. The influence of the region's terroir is evident in the subtle notes of crushed rock and earth, adding depth and intrigue to the wine.

On the palate, the 2022 Red Hills Cabernet Sauvignon is rich and full-bodied, with velvety tannins that provide structure and balance. Flavors of blackcurrants, plum, and baking spices unfold gracefully, while a touch of toasty oak adds layers of complexity. The wine's vibrant acidity ensures a lingering finish, making it an excellent companion for hearty dishes like grilled steak or braised lamb.

Overall, the J. Linder Wineries 2022 Red Hills Cabernet Sauvignon is a superb representation of the quality and character that Lake County wines have to offer. It embodies the essence of the region, with its bold flavors, elegant structure, and impressive depth, making it a standout choice for wine enthusiasts seeking a taste of California's finest.
